

CURIOSITY AND
ASPIRIT OF
ENQUIRY
BRINGS OUT
THE BEST IN
YOUNG MINDS.

The beginners:

The Primary Years Program (PYP) utilizes structured enquiry as a vehicle for learning, the best tool for exploring and studying mathematics; science and technology; languages; social studies; the arts and personal, social and physical education.

Students explore their subjects or "units of enquiry"; This provides a basis for a broader academic foundation, helping them to understand the relevance of the ideas they are learning and organize their knowledge.
