

When you give a child the space, the freedom to express himself or herself, you give them the space to grow, to develop, to gain knowledge.

We at DIS understand and endorse this thought process and ensure that each child gets his or her due share.

## Development from the DIS perspective

At DIS, one of our priorities is to create a world-class learning environment for our students, so that their mental and physical growth takes place without any hiccups along the way.

# PHYSICAL SPACE TRANSLATES INTO MENTAL SPACE
